PENSION AND BOUNTY LAND LAWS, Being the latest stereotyped edition of the work known by the title "MAYO & MOULTON'S PENSION AND BOUNTY LAND LAWS," With opinions, decisions, regulations, &c., and additions of recent date

Revolutionary Pensons.
House of References, United States,
Washington, May 19, 1856 House of Resissentative, United States.

Weshington, May 19, 1856.

My dear sir: I have been pleased to meet with you once more after the tapse of so many years; and I desire to avail myself of an early opportunity to add my thanks to those you must have received from many others for your labor and care in the compilation of the laws of the United States relating to peusions and bounty lands, a copy of the stereotype edition of which I have in my possession.

The subject of pensions is one which has been, and still continues to be, of interest to the great American family. The chreumstances under which those for revolutionary services were provided are of a highly interesting character.*

It was never the design of our fathers that the system should be portial, giving to some while it withholds from others equally deserving. Your arrangement of the laws, therefore, while it presents in detail the provisions made, it at the same time suggestive of those deciencies and omissions which render the system incomplete.

Your work I have found of incalculable value to me in my position as chairman of the Committee on Revolutionary Pensions, for, without I, I should have been subjected to the labor of a close examination of the statutes; and from the frequency of my recurrence to it I have been able to test it merit and appreciate its worth.

Jam, my dear sir, most respectfully and truly, yours, Dr. R. Mayo.

Letter from General Cass.

Washington, February 10, 1867.

Dian sin: I thank you for the very useful volume you have sent unc. I have had time only to glance over it, but I have satisfied myself of its fidelity as well as of its value.

Your supplement contains important ablitions, and brings the pension history and laws to a late period.

The system has become so extensive that some such compilation was indispensable, and I congratulate all who are obliged to look into the subject of those laws upon the able execution of your labors.

I am, dear sir, respectfully yours.

the second edition of your work entitled "Fension and Bounty Lind

To all who are interested in the subject of pensions and bounty

In this opinion I have the concurrence of my colleagues in Committee on Revolutionary Claims.

and foomly Land Laws, for which accept my thanks.

In the examination of cases arising under the pension and bounty land laws, I have had frequent occasion to refer to this work, and have ever found it accurate and complete. As a compilation of the laws upon those subjects, I regard it highly usoful both to those administering those laws and the public.

With many wishes for your continued success, I have the honor to

Letter from the Hon. Solomon Foot, United States senatur. Washington City, March 13, 1857.

Deat sin: I have had very frequent occasion, both in private investigations and in the Committee on Pensions and on Public Lands, to consolt your valuable compilation of the Pension and Bounty Lands. It was an always to the Pension and Bounty Lands Laws, and have derived great ald from it. Indeed, I regard it as almost indispensable to the intelligent investigation of questions arising under those laws.

The work is deserving of a very liberal patronage; and I hope you may be abundantly rewarded for your labor.

Sin: I have had frequent occasion to consult your work on the Pension and Bounty Land Laws of the United States, especially whilst I was chairman of the Committee on Pension of the Rouse of Representatives, and have found it very full and complete, well arranged and reliable.

To three whose investigations touch the pension and bounty-land reliable.

To these whose investigations touch the pension and bounty land laws it is certainly of great value.

With much respect, your obedient servant,
